REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors Pact, Inc. and Affiliates

Opinion

We have audited the consolidated financial statements of Pact, Inc. and Affiliates ("Pact"), which comprise the consolidated statement of financial position as of September 30, 2023, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Pact as of September 30, 2023 and 2022, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audit of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pact and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of matter

As discussed in Notes 1 and 7 to the consolidated financial statements, Pact has adopted new accounting guidance in 2023 related to the accounting for leases. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pact's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pact's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pact's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the consolidated financial statements as a whole. The Consolidating Schedules of Financial Position as of September 30, 2023 and 2022, and the Consolidating Schedules of Activities, Schedules of Functional Expenses – Pact, Inc., Schedule of Functional Expenses – Pact UK, and the Schedules of Program Expenditures and Cash Received of Non-US Federal Government Awards – Pact, Inc. and Pact UK for the years ended September 30, 2023 and 2022 are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures. These additional procedures included comparing and

reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with US GAAS. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Report on 2022 summarized comparative information

We have previously audited Pact's 2022 consolidated financial statements (not presented herein), and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated June 27, 2023. In our opinion, the accompanying summarized comparative information as of and for the year ended September 30, 2022 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2023 and 2022

NOTE 1 - NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Pact, Inc. and Affiliates (collectively, "Pact") consist of the activities of Pact, Inc., Pact Global Microfinance Fund ("PGMF"), Pact Microfinance Holding Co PTE Ltd, Pact Global (UK) Charitable Incorporated Organization ("PactUK"), and Pact Ventures ("Ventures").

Pact Inc. is an international nonprofit that works in nearly 40 countries building solutions for human development that are evidence-based, data-driven and owned by the communities we serve. Our vision is thriving, resilient and engaged communities leading their own development. Founded in 1971, Pact works with partners to build resilience, improve accountability, and strengthen knowledge and skills for sustainable social impact. We are a recognized global leader in creating social impact. Our staff have a range of expertise in areas including capacity development, public health, governance and civil society, climate change adaptation and mitigation, energy, women's economic empowerment, fragile states, artisanal and small-scale mining communities, monitoring and evaluation, microfinance and more. The business and property of Pact are managed and controlled by Pact's volunteer Board of Directors. Pact receives most of its funding from U.S. federal agencies, both directly and as pass-through awards. Other donors include corporations, private foundations, foreign government agencies and multilaterals.

PGMF is a wholly controlled subsidiary of Pact; it is structured to qualify as a Type I Supporting Organization under Section 509(a)(3) of the Internal Revenue Code (the "IRC"). PGMF was incorporated in the state of Delaware on February 2, 2012, as an outgrowth of Pact's 15 years of microfinance operations in Myanmar. PGMF facilitates access to microfinance services for the poor using a group lending methodology and stimulates small business ventures through a range of basic small business development support services. From 1997-2023, PGMF's microfinance operations have reached nearly two million individuals, more than 98% of whom are women, across 88 townships. Due to government restrictions, PGMF closed on June 30, 2023. Please see Note 18 for details on the discontinued operations.

Pact UK was established in the United Kingdom ("UK") in February 2016 to support the activities of Pact, Inc. and to contribute to the growth of civil society, strengthen the community-focused nonprofit sector worldwide, and implement innovative program initiatives. With a particular focus on the Foreign, Commonwealth and Development Office ("FCDO") of the British Government, Pact UK has expanded initiatives, such as mines to markets, growing in the health and social accountability, and informing UK policy development on modern slavery, notably child labor. Pact UK is a registered charity, number 1165725, in the UK. The Board of Trustees of Pact UK has decided to complete current projects and then cease operations on December 31, 2023.

Pact Ventures Limited Liability Company ("LLC") was incorporated on October 3, 2018. Its goal is to deliver positive social impact through investments and business activities. Pact Inc. is the sole member of Pact Ventures LLC. Pact Ventures had no activity during 2023 and 2022.

Pact Microfinance Holding Co. PTE Ltd. was a private company limited by share that was incorporated on June 15, 2020 in Singapore. PGMF was the sole shareholder of the holding company, which was closed in April 2022.

A summary of Pact's significant accounting policies follows:

<u>Basis of accounting</u>: The accompanying consolidated financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

<u>Basis of presentation</u>: Pact reports information regarding its consolidated financial position and activities according to two classes of net assets: net assets without donor restriction and net assets with donor restriction, as applicable.

<u>Principles of consolidation</u>: The consolidated financial statements include the accounts of Pact, Inc., PGMF and its subsidiary Pact Microfinance Holding Co., Pact UK, and Pact Ventures. All significant intercompany transactions have been eliminated.

<u>Financial risk</u>: Pact maintains its cash in bank deposit accounts, which at times, may exceed federally insured limits. Pact has not experienced any losses in such accounts. Pact believes it is not exposed to any significant financial risk on cash and cash equivalents.

Pact had approximately \$94 million and \$53 million of cash and cash equivalents held at financial institutions in foreign countries at September 30, 2023 and 2022, respectively.

Pact invests its reserves in mutual funds and money market funds. Such investments are exposed to various risks, such as market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to change in the value of such investments, it is at least reasonably possible that changes in risks in the near term could materially affect investment balances and the amounts reported in the consolidated financial statements.

Comparative Financial Information

The accompanying financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America (GAAP). Accordingly, such information should be read in conjunction with our audited financial statements for the year ended September 30, 2022, from which the summarized information was derived.

Cash and Cash Equivalents

For purposes of reporting cash flows, Pact considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Investments

Investments consist of mutual funds and money market funds and are reflected at fair value. To adjust the carrying value of these investments, the change in fair value is included as a component of investment income, net in the consolidated statements of activities.

Grants Receivable

Receivables are carried at original invoice amount, less an estimate made for doubtful receivables based on a review of all outstanding amounts on a periodic basis. The majority of Pact's receivables are comprised of amounts billed on federal and other grants, which are billable when expenditures are incurred. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Receivables are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received. A receivable is considered to be past due if any portion of the receivable balance is outstanding for more than 30 days. There was no provision for doubtful grants receivable accounts at September 30, 2023 and 2022.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

Advances and Other Receivables

Advances and other receivables consist primarily of advances to subrecipients. Advances are liquidated when allowable expenditures, under the terms of the respective subrecipient agreements, are incurred and reported by the subrecipient. Management determines an allowance for advances by reviewing the listing of advances outstanding and identifying any troubled accounts. Amounts are written off when deemed uncollectible. There was no provision for doubtful advance and other receivables accounts at September 30, 2023 and 2022.

Property and Equipment

Property and equipment with a cost of \$5,000 or more are capitalized. Improvements to property and equipment that extend the useful lives of the assets are also capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

Valuation of Long-Lived Assets

Pact reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of long-lived assets is measured by a comparison of the carrying amount of the asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the estimated fair value of the assets. Assets to be disposed of are reportable at the lower of the carrying amount or fair value, less costs to sell.

Leases

Pact adopted ASU 2016-02, *Leases (Topic 842)* as of October 1, 2022. After the adoption of this standard, Pact determines if an arrangement contains a lease at inception based on whether there is an identified asset and whether Pact controls the use of the identified asset throughout the period of use. Right-of-use ("ROU") assets are recognized at the lease commencement date and represent Pact's right to use an underlying asset for the lease term and lease liabilities represent Pact's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments over the remaining lease term. Present value of lease payments are discounted based on the organization's borrowing rate at either the adoption of ASC 842 or if the lease commenced later than October 1, 2022, the borrowing rate at the start date of that particular lease. Expenses related to leases determined to be operating leases are recognized on a straight-line basis.

Pact assesses whether a lease is classified as an operating lease or a finance lease at lease commencement. Pact's ROU assets are initially measured based on the corresponding lease liability adjusted for (i) payments made to the lessor at or before the commencement date, (ii) initial direct costs incurred and (iii) lease incentives under the lease. Options to renew or terminate the lease are recognized as part of our ROU assets and lease liabilities when it is reasonably certain the options will be exercised. ROU assets are also assessed for impairments consistent with the long-lived asset guidance.

Pact does not allocate consideration between lease and non-lease components, such as operating costs, as Pact has elected to not separate lease and non-lease components for any leases within its existing classes of assets. Operating lease expense for fixed lease payments is recognized on a straight-line basis over the lease term. Variable lease payments for usage-based fees are not included in the measurement of the ROU assets or lease liabilities and are expensed as incurred.

Operating leases are presented separately as operating lease ROU assets and operating lease liabilities in the accompanying statements of financial position.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

Revenue Recognition

Revenue from contracts is recognized in accordance with a five-step model whereby revenue is recognized as performance obligations within a contract are satisfied. The five steps of the model include: 1) identify the contract(s) with a customer, 2) identify the performance obligations in the contract, 3) determine the transaction price, 4) allocate the transaction price to the performance obligations in the contract, and 5) recognize revenue when (or as) Pact satisfies a performance obligation. Pact recognizes revenue when control of the promised goods or services are transferred to outside parties in an amount that reflects the consideration Pact expects to be entitled to in exchange for those goods or services.

<u>Pact, Inc. and Pact UK:</u> Grants are deemed to be non-exchange transactions and are reported as revenues in net assets without donor restrictions when expenses have been incurred in compliance with the grant requirements and the barriers to entitlement have been met. Such amounts received but not yet earned (advances and reimbursements in excess of costs incurred) are reported as refundable advances. Costs incurred in excess of amounts received are reported as receivables.

Contracts classified as exchange transactions are recorded as revenue at a point in time when performance obligations are met. Funds received in advance of revenue recognition are recorded as deferred revenue.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the consolidated statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Certain management and staff expenses have been allocated to programs on the basis of time spent. Other expenses have been allocated to programs based upon salaries expense.

Foreign Currency Translation and Transactions - Pact, Inc. and Pact UK

The reporting currency and functional currency is the U.S. dollar. Monthly expenses that are incurred by field offices in foreign countries in foreign currencies are translated into U.S. dollars at the rate of exchange in effect during the month of the transaction. Gains and losses from foreign currency transactions are netted with expenses on the consolidated statements of activities.

Income Taxes

Pact follows guidance that clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This guidance provides that the tax effects from an uncertain tax position can only be recognized in the financial statements if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged.

Pact, Inc. and PGMF are exempt from federal income tax under IRC section 501(c)(3), though they are subject to tax on income unrelated to the organizations' exempt purpose, unless that income is otherwise excluded by the Code. Pact UK is registered as a charity in the UK. Pact has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated income; to determine its filing and tax obligations in jurisdictions for which it has nexus; and to identify and evaluate other matters that may be considered tax positions. Pact has determined that there are no material uncertain tax positions that require recognition or disclosure in the consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

Use of Estimates

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Upcoming Accounting Pronouncement

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. Among other provisions, this ASU requires the allowance for credit losses to reflect management's current estimate of credit losses that are expected to occur over the remaining life of a financial asset. For all other entities (nonpublic), the ASU is effective for fiscal years beginning October 1, 2023. Pact is currently assessing the potential impact of this ASU on the consolidated financial statements.

Recently Adopted Accounting Pronouncements

Accounting Standards Update 2016-02, *Leases (Topic 842)*, is effective for not-for-profit entities for annual periods beginning after December 15, 2021. For Pact, that is its fiscal year 2023. The core principle of Topic 842 is that a lessee should recognize assets and liabilities that arise from all leases. A lessee should recognize in the statement of financial position a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. Pact elected the modified retrospective transition method and did not restate prior comparative periods. The standards also provide additional transition relief, of which Pact has elected to (1) not reassess whether any expired or existing contracts are or contain leases, (2) retain the classification of leases (e.g., operating or finance lease) existing as of the date of adoption, (3) not reassess initial direct costs for any existing leases, and (4) not utilize hindsight when assessing lease term and ROU asset impairment. Pact adopted this standard as of October 1, 2022.

Reclassifications

Certain items in the 2022 financial statements have been reclassified to correspond to the presentation in the 2023 financial statements. In 2022, Pact reclassified \$225,283,967 and \$126,427,817 as discontinued operations assets and liabilities, respectively in the consolidated statement of financial position and \$28,735,680 as discontinued operations in the consolidated statement of activities. The reclassifications had no impact on net assets at September 30, 2022.

NOTE 2 - FAIR VALUE MEASUREMENTS AND INVESTMENTS

The Fair Value Measurement Topic of the ASC defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and sets out a fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined under the Fair Value Topic of the Codification as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy under the Fair Value Topic of the Codification are described below:

- Level 1 Quoted market prices in active markets for identical assets or liabilities;
- Level 2 Observable market-based inputs or unobservable inputs corroborated by market data; and
- Level 3 Unobservable inputs that are not corroborated by market data.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

In certain cases, the inputs used to measure the fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Pact's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the investment.

Investments in securities traded on a national securities exchange or reported on the NASDAQ national market are stated at the last reported sales price on the day of valuation. These financial instruments are classified as Level 1 in the fair value hierarchy. There were no Level 2 or 3 investments at September 30, 2023 and 2022.

The following table presents Pact's fair value hierarchy for those assets measured at fair value on a recurring basis as of September 30, 2023 and 2022:

| | | | | 20 | 23 | | | |
|--|----|-----------|----|---------|-----|----------|----|-----------|

| | | \$ 6,765,791 | \$ (4,887,919) | \$1,877,872 | \$ 335,218 |

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

NOTE 5 - ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Accounts payable and accrued expenses consist of the following at September 30, 2023 and 2022:

| | 2023 | 2022 |
|--|-------------------------------|------------------------------|
| Accrued personnel expenses Accounts payable and accrued expenses | \$ 5,220,764 14,429,159 | \$ 7,698,271 9,066,969 |
| Total accounts payable and accrued expenses | \$ 19,649,923 | \$ 16,765,240 |

NOTE 6 - RETIREMENT FUND

Pact has a 403(b) defined contribution salary deferral plan covering substantially all employees who have completed one year of employment. Contributions are based on a percentage of the employees' compensation; 8.8% for employer contributions for employees who have completed their first year and are in effect until their third year of service, increasing to 13% thereafter. Employees may contribute the maximum amount permitted by law. Pact's contributions to the 403(b) plan which are recorded as retirement expense were \$1,837,160 and \$1,677,465, for the years ended September 30, 2023 and 2022, respectively.

NOTE 7 - LEASES

Upon adoption, ASC 842 *Leases* had an impact in Pact's consolidated statements of financial position and in its consolidated statement of activities and change in net assets. As part of the transition, Pact elected the following practical expedients:

- Package of practical expedients which eliminates the need to reassess (1) whether any expired or existing contracts are or contain leases; (2) the lease classification for any expired or existing leases; and (3) the initial direct costs for any existing leases.
- The practical expedient whereby the lease and non-lease components will not be separated for all classes of assets.
- Not to recognize ROU assets and corresponding lease liabilities with a lease term of 12 months or less from the lease commencement date.

For existing leases, Pact did not elect the use of hindsight and did not reassess lease term upon adoption.

Upon adoption, the Organization recorded the opening operating Right of Use (ROU) asset balance based on its remaining deferred rent liabilities. On October 1, 2022, the Organization recorded \$20.7 million in operating lease ROU assets and \$28 million in operating lease liabilities. Operating lease assets exchanged for new lease liabilities totaled \$750,404. Cash paid for leases totaled \$3.2 million during 2023. Pact recorded an impairment loss on an office space operating lease located in Washington, DC of \$1.9 Million.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

Pact Inc. has entered into operating leases for office space and photocopiers. Future undiscounted lease payments for Pact's operating lease liabilities are as follows as of September 30, 2023:

| Year ending September 30: | |
|-------------------------------|---------------|
| 2024 | \$ 4,546,570 |
| 2025 | 4,556,125 |
| 2026 | 2,965,750 |
| 2027 | 2,694,226 |
| 2028 | 2,761,374 |
| Thereafter | 19,969,170_ |
| Total undiscounted cash flows | 37,493,215 |
| Less: present value discount | (10,180,968) |
| Lease liabilities - operating | \$ 27,312,248 |

On March 5, 2021, Pact entered into an agreement to sub-lease a portion of its existing office space located in Washington, DC. The sublease expires November 1, 2025. The sublease receipts will be as follows:

| Fiscal Years Ending June 30: | | Amount |
|--|----|-----------------------------------|
| 2024 2025 | \$ | 920,272 952,516 |
| 2026 | | 162,910 |
| Total commitment | \$ | 2,035,698 |
| The components of lease cost for the years ended September 30, 2023, were as follows | S: | |
| Operating lease cost Short-term lease cost Variable costs | \$ | 3,525,077 1,150,248 458,010 |
| Total lease cost | \$ | 5,133,515 |

The following table represents the weighted-average remaining lease term and discount rate as of September 30, 2023:

| | Operating Leases |
|---|---------------------|
| Weighted average remaining lease term (years) | 9.6 |
| Weighted average discount rate | 6.5% |

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

Total rent expense under FASB ASC 840 (pre-adoption of the new lease standard) for operating expenses for the year ended September 30, 2022 totaled \$5.3 Million. Remaining future minimum rental payments under operating leases were payable as follows:

| Fiscal Years Ending June 30: | | Amount |
|--|-----------|------------|
| 2023 | \$ | 3,672,733 |
| 2024 | | 4,339,472 |
| 2025 | | 4,392,444 |
| 2026 | | 2,940,000 |
| 2027 | | 2,694,226 |
| Thereafter | _ | 22,730,544 |
| Total commitment | <u>\$</u> | 40,769,419 |
| The sublease receipts were as follows: | | |
| Fiscal Years Ending June 30: | _ | Amount |
| 2023 | \$ | 889,178 |
| 2024 | · | 920,272 |
| 2025 | | 952,516 |
| 2026 | _ | 162,910 |
| Total commitment | \$ | 2,924,876 |

NOTE 8 - COMMITMENTS AND CONTINGENCIES

<u>Federal awards</u>: Pact participates in a number of federally assisted grant programs, which are subject to financial and compliance audits by the federal government or its representative. As such, there exists a potential contingent liability for potential questioned costs that may result from such audits. Management does not anticipate significant adjustments as a result of such audits.

<u>Grants to subrecipients</u>: Pact has authorized subgrants contingent upon the receipt of acceptable progress reports towards negotiated workplans. The contingent subgrants will be considered authorized when the contingency requirements are met. No liability has been recorded for these unobligated subaward amounts in the accompanying consolidated financial statements.

As part of Pact's efforts to increase access to financing for young women entrepreneurs ("YWE") in Cambodia, in FY 2021 the organization entered into loan guarantee agreements with two financial institutions. In the event that these financial institutions are not able to collect principal and interest payments on loans granted to YWE, these agreements support any losses up to a maximum amount of \$120,000.

In 2023, several other contingency funds were established at banks in Myanmar. These provide a certain level of guarantee against loss when these banks grant loans for solar panel installation. These guarantee funds totaled \$535,926 and are included with accounts payable and accrued expenses in the accompanying consolidated statements of financial position.

No losses were incurred and the guarantee funds were not used by these financial institutions during FY 2023 or FY 2022.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

NOTE 9 - MAJOR GRANTOR

During the years ended September 30, 2023 and 2022, Pact received significant direct funding from United States Agency for International Development ("USAID"). A reduction in funding from USAID would have a significant impact on the operations of Pact. For the years ended September 30, 2023 and 2022, approximately 60% and 61%, respectively, of total revenue was related to grants funded directly by USAID. Receivables from USAID as of September 30, 2023 and 2022 totaled 98% and 93%, respectively of total federal grants receivable. Another 13% and 15% of Pact's revenues in the fiscal years ended September 30, 2023 and 2022, respectively, were funded indirectly by USAID through subawards and subcontracts from other development partners that Pact engaged with during both fiscal years 2023 and 2022.

NOTE 10 - CONDITIONAL GRANTS AND CONTRIBUTIONS

Conditional promises to give are not recognized until all conditions are substantially met. As of September 30, 2023, Pact had approximately \$184.7 million in unrecognized conditional grants and contributions, of which \$175.4 million was related to federal grants. As of September 30, 2022, Pact had approximately \$181 million in unrecognized conditional grants and contributions, of which \$180.4 million related to federal grants. The revenue related to these agreements is conditioned on requirements such as Pact incurring allowable expenditures under the terms of the agreements or the agreement of continued funding.

NOTE 11 - REVENUE FROM CONTRACTS

Pact enters into written contract with funders to perform services in mining communities around the world. The payment terms and conditions vary by funder based on the individual contract, in most cases amounts are billed as work progresses as services are provided. At contract inception, Pact assesses the services promised in its contracts with the funder and identifies performance obligations for each promise to transfer to the customer a service that is distinct. Pact satisfies its performance obligations over time as services are provided or milestones are achieved. Pact recognized revenue for contracts over time of \$9,252,542 and \$2,821,811 for the years ended September 30, 2023 and 2022, respectively. Pact's contract receivable balance as of September 30, 2023 and 2022 was \$3,881,503 and \$237,763, respectively and is included with federal grants receivables in the statements of financial position. Pact's receivable balance as of September 30, 2021 was \$195,192. Deferred revenue for contracts which is recognized within other refundable advances on the statement of financial position was \$257,790 and \$28,346 on September 30, 2023 and 2022, respectively. The balance of deferred revenue will be recognized as revenue during the period as services are rendered or milestones are achieved.

NOTE 12 - LINE OF CREDIT

Pact, Inc. has an express credit line loan agreement, which expired on October 13, 2023. The line bears interest at Prime Rate plus 1.0% (subject to a floor of 4.25%) and is secured by Pact Inc.'s assets. The interest rate at September 30, 2023 and 2022, was 9.5% and 7.25%, respectively, including a Prime Rate of 8.5% and 6.25% as of September 30, 2023 and 2022, respectively. The line of credit had a balance of \$2 Million at September 30, 2023. This line of credit is included in notes payable on the consolidated statements of financial position.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

NOTE 13 - DUE TO UNITED NATIONS DEVELOPMENT PROGRAMME AND OTHERS

On June 4, 2014, the United Nations Development Programme (UNDP) and Pact Inc. entered into an agreement. Consequently, the UNDP transferred funds to be used by PGMF to grant microfinance loans in Myanmar. Since then, Myanmar law has changed and non-profit microfinance institutions like PGMF are not permitted to register under the Myanmar Companies Law (The Pyidaungsu Hiuttaw Law No. 29, 2017) or the new Organization Registration Law-State Administration Council Law No. 45/2022. Hence, on June 29, 2023, the UNDP and PGMF agreed that approximately \$25.7 Million would be retransferred back to UNDP. The UNDP has agreed that these funds are to be used solely to fund development projects in Myanmar in the fields of education and health and for the remediation of poverty and the effects of natural disasters.

NOTE 14 - NOTES PAYABLE

PGMF has obtained funds from different sources to provide microfinance services to borrowers in Myanmar and especially in remote areas where demand is high. The organizations which have lent to PGMF include Belgian Investment Company (BIO), Blue Orchard Microfinance Fund (Blue Orchard), Japan ASEAN Women Empowerment Fund (JAWEF), Microfinance Initiative for Asia (MIFA), Microfinance Enhancement Facility (MEF), Nederlandse Financierings-Maatschappij voor Ontwikkelingslanden N.V (FMO), Swiss Investment Fund for Emerging Markets (SIFEM/Obviam), and Cordaid.

Details on loan principal outstanding are as follows:

Total accrued interest for these loans totaled \$3,900,241 at September 30, 2023 and is included in accounts payable and accrued expenses on the consolidated statements of financial position. All loans are currently in default. See Note 18 for additional detail.

As of September 30, 2022, notes payables are included in discontinued operations in the consolidated statements of financial position. After operations were discontinued on June 30, 2023, the remaining loans and the cash to pay them have been established back on the statement of financial position as of September 30, 2023, as they are the continued responsibility of the consolidated entity, now that operations have ceased.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

All overseas lenders to PGMF were notified that principal plus accrued interest through June 30, 2023 would be paid within Myanmar, with appropriate approval from the Central Bank of Myanmar and /or the Financial Regulator Department (FRD). PGMF is in negotiations with all lenders to repay loans within Myanmar. Pact Inc. is supporting the PGMF Board of Directors in the negotiations with the lenders through local Myanmar attorneys. Pact's goal is to have this completed by September 30, 2025. However, this timeline is beyond Pact's control so may be adjusted. Pact Inc. is also providing staff support for all accounting and financial reporting. Pact Inc. will provide this support until such time as the loans have been repaid.

NOTE 15 - AVAILABILITY OF LIQUIDITY OF RESOURCES

Pact regularly monitors its liquidity required to meet its annual operating needs and other contractual commitments while also striving to maximize the return on investments of its funds not required for annual operations. As of September 30, 2023 and 2022, the following financial assets are available to meet annual operating needs of the 2023 and 2022 fiscal year:

| | 2023 | 2022 |
|---|---|---|
| Cash and cash equivalents Federal grants receivable Other grants receivable Employee Advances and other receivables Investments maturing within one year available for general purposes | \$ 111,332,175 11,437,514 1,843,902 1,535,774 3,193,162 | \$ 30,516,116 4,097,726 1,475,916 785,128 2,871,051 |
| | | |
| Total financial assets at year end | 129,342,527 | 39,745,937 |
| Less amounts not available to be used within one year: | | |
| Refundable advances - federal | 7,629,526 | 3,984,555 |
| Refundable advances - other | 3,345,948 | 5,601,027 |
| PGMF local currency cash | 84,914,643 | - |
| Net assets with donor restrictions | 3,978,203 | 849,734 |
| Financial assets not available to be used for general expenditures | 99,868,320 | 10,435,316 |
| Financial assets available to meet general expenditures within one year | \$ 29,473,207 | \$ 29,310,621 |

NOTE 16 - NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions have been restricted by donors at September 30, 2023 for the following purposes:

| Alternate energy source projects Ukraine Carbon footprint reduction Women in artisanal mining | \$ 3,627,476 30,000 20,709 300,018 |
|---|--|
| | \$ 3,978,203 |

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

NOTE 17 - RELEASE OF NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions totaling \$207,508 and \$127,943 were released from restriction for alternate energy source projects, Carbon footprint reduction projects and artisanal mining projects during the fiscal year ended September 30, 2023 and 2022, respectively.

NOTE 18 - DISCONTINUED OPERATIONS - PGMF

Under The Myanmar Companies Law (The Pyidaungsu Hluttaw Law No. 29, 2017), PGMF was required to transform from an international non-governmental microfinance organization to a private company registered to conduct microfinance activities by June 30, 2023. Following extensive negotiations with the Small-Scale Industries Department of the Ministry of Cooperative and Rural Development ("SSID"), PGMF was not successful in securing approval to transfer its microfinance business to a new company. Additionally, PGMF was not permitted to register or remain as an NGO microfinance institution operating microfinance activity under the new Organization Registration Law - State Administration Council Law No. 45/2022.

As a consequence, PGMF was forced to cease it microfinance activities in Myanmar effective June 30, 2023. Prior to ceasing operations, PGMF returned savings to clients who had no outstanding loans and to those clients whose savings exceeded their loan balances and could be located. On June 26, 2023, PGMF forgave client loan balances that exceeded client savings account balances.

All PGMF staff were terminated on June 30, 2023. All PGMF employees received statutory severance payments, all accrued leave and staff retirement benefits. The microfinance activities of PGMF are classified as discontinued operations through abandonment at June 30, 2023, as the activities represented a strategic shift in operations for Pact Inc.

As of September 30, 2023, PGMF has cash and notes payables that have been classified as continuing operations in the financial statements as Pact Inc. continues to work with lenders to repay loans within Myanmar. PGMF and the United Nations Development Program (UNDP) agreed upon the retransfer of restricted assets under the UNDP Transfer Agreement to UNDP for use in Myanmar. Pact's goal is to have this completed by September 30, 2025.

All overseas lenders to PGMF were notified that principal plus accrued interest through June 30, 2023 would be paid within Myanmar, with appropriate approval from the Central Bank of Myanmar and /or the Financial Regulator Department (FRD). PGMF is in negotiations with all lenders to repay loans within Myanmar. Pact Inc. is supporting the PGMF Board of Directors in the negotiations with the lenders through local Myanmar attorneys. Pact Inc. is also providing staff support for all accounting and financial reporting. Pact Inc. will provide this support until such time as the loans have been repaid.

Major classes of assets and liabilities of PGMF classified as discontinued operations were as follows:

| | 2022 |
|--|----------------|
| Assets | |
| Cash and cash equivalents | \$ 42,215,755 |
| Other grants receivable | 313,513 |
| Advances and other receivables | 580,511 |
| Prepaid expenses and deposits | 535,742 |
| Loan portfolio, net of loan loss reserve | 180,858,551 |
| Property and equipment, net | 779,895 |
| Total assets | \$ 225,283,967 |

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

| | 2022 |
|--|----------------|
| Liabilities and net assets | |
| Accounts payable and accrued expenses | \$ 6,335,231 |
| Beneficiary savings and reserved funds | 70,579,046 |
| Net return on loans, reinvested earnings | 176,533 |
| Notes payable | 49,337,007 |
| Due to related party | 39,398 |
| Total liabilities | \$ 126,467,215 |

The components of the loss from discontinued operations for the fiscal year ended September 30, 2023 were as follows:

| | 2023 | 2022 |
|--|-----------------|-----------------|
| Revenue and support | | |
| Microfinance loan activities | \$ 29,374,463 | \$ 59,501,061 |
| Fee Income on microfinance loans | 1,567,489 | 6,665,931 |
| Investment income on microfinance loans | - | 12,181 |
| Other revenue | 4,552,822 | 21,134 |
| Expenses and losses | | |
| Operating expenses | (45,789,274) | (59,353,101) |
| Net return on U.N loan | (25,909,699) | - |
| Unrealized foreign exchange (gain) loss | (3,929,171) | 191,892 |
| Bad debt expense | (43,867,300) | (41,477,495) |
| Loss from discontinued operations - PGMF | \$ (83,804,649) | \$ (34,438,397) |

NOTE 19 - RISKS AND UNCERTAINTIES

Ukraine

On February 24, 2022, the Russian Federation invaded the country of Ukraine. While Pact programs in Ukraine have continued and new funding has been received, all programming is at risk of disruption by the ongoing warfare.

NOTE 20 - SUBSEQUENT EVENTS

Pact evaluated its consolidated financial statements for subsequent events through May 17, 2024, the date the consolidated financial statements were available to be issued. The following are subsequent events:

- Engaged Communities Co. Limited by Guarantee has been established in Myanmar, Nov. 27, 2023.
- Pact UK will be closing operations as of December 31, 2023.
- New country offices were registered in El Salvador and Sri Lanka in FY2024.
- On April 12, 2024, Pact renewed its line of credit agreement which expires on April 13, 2025. The line bears interest at the 30-Day Term Secured Overnight Financing Rate (SOFR) plus 2.6 percentage points and is secured by Pact Inc.'s assets.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

September 30, 2023 and 2022

An estimate of the financial effect on the consolidated financial statements of these subsequent events cannot yet be estimated.
